Midwest Institute Cost of Attendance Determination Disclosure

Cost of Attendance (COA) also is known as the student's "budget" for a specified period of enrollment, such as an academic year. It represents the maximum amount of financial aid that a student can receive, based on the school's best estimate of costs. Along with costs billed directly by the school — such as tuition and fees — cost of attendance takes other expenses into consideration, such as transportation, school supplies, and living expenses.

Rates Subject to Change

The table below show estimated cost of attendance for academic year 2024-25
